

NICOLA WEALTH

The Pool

Nicola Precious Metals Fund objective is to provide unit holders with long-term capital appreciation through mutual funds, common shares, ETFs, and closed-end funds specializing in precious metals or the production of precious metals, as well as funds representing investments in gold or silver.

The Strategy

The fund's strategy involves the ability to buy gold bullion as well as invest in equities with precious metal exposure. The fund primarily allocates its capital to a third party precious metals manager focused on smaller mining companies, complemented by smaller investments in a basket of mid-to-large cap companies producing precious metals, using the Gold and Precious Metals & Minerals sub-indices on the TSX as a guideline for investment allocations.

The Manager

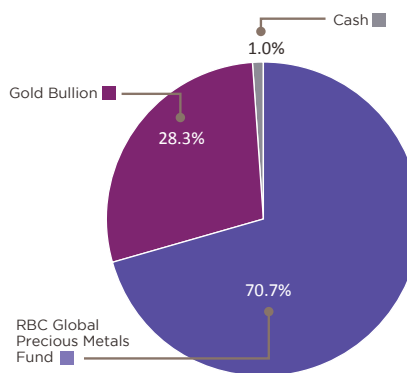

Nicola Wealth, the "Fund Manager," is a wealth management and planning firm established in 1994. With a philosophy built on cash flow and diversification, our growing series of funds is managed by members of Nicola Wealth's Portfolio Management Team.
